Subject: Harvey Response: Sampling equipment request

Good Morning Daisy,

I hope all is well. We received the following request from Juan Parras with t.e.j.a.s: "Make sampling equipment available for citizens to use. For example, buckets for air sampling." Juan mentioned that this has been done in the past and would like to request these services from the City. Is this a service that the City provides? If so, can you assist us in identifying the correct contact information/person regarding this request?

Regards,
Omari W. Burrell
